

MILESTONES

1. On 24th March we had a really good trip to Hampshire's Milestones Museum which is in Basingstoke. This is a museum which travels through industrial and everyday life. It was fascinating looking back over the years - it brought back lots of memories looking at all the exhibits. There was also a visiting Lego exhibition which was amazing. This represented different countries around the world. Rumours are going round that I have found myself a new boyfriend? See photo attached!

Everyone I spoke to said how much they had enjoyed themselves. The cafe was excellent as well and a lot of us popped in for lunch and coffee.

Thanks to all those U3A members who joined us for this trip. We look forward to seeing you on another trip soon.

Chris Ollerenshaw, Travel Group.

2. Thank you, Sylvia, for Milestones - we really enjoyed the day but felt "older" when seeing things we started off married life with now in a museum!

Angela Daymond
